

4/21/26

Sankey:

Change the bars to different colors → Solution implemented: instead of them all being blue they each have their color to indicate what we are talking about i.e.

plant-based = green

Making sure everything is visible → Solution implemented: increased height and width, included margins

Make titles more visible → Solution implemented: changed font type, made font weight bigger, added contrast, and font size in css

Highlight links for each distributor → Still trying

Bar Chart:

The bar Chart itself was great. Include color legends for Local/Not Local

Task: Include a pie chart breakdown along with the bar chart - REAL challenge.

REAL breakdown (more info in Drive):

Sustainable - determining if the distributor is ecological sound

Local - within 250 miles sourced from a producer that's within a certain distance

Fair - labor practices

Humane - ethical animal treatment
